Docket No. 98N-1265

Food and Drug Administration

5600 Fishers Lane

Rockville, MD. 20857

APR 22 09:53

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: For years I have tried to get a correct dosage of medication
to alleviate my perimenopausal medical symptoms such as hot
flashes, night sweats, moodiness and memory loss. Finally I have been
able to get my dosage to where I am comfortable. I can only obtain
this compounded medication from an out of state pharmacy. By limiting
the amount of medication this pharmacy can send out of state, you are
limiting not only my choices, but also my right to live a healthy life
style.
